

Wide Mouth Jars

Multilayer Polypropylene

Unbreakable...Unbeatable

Ball's wide mouth polypropylene jars combine the benefits of plastic with the performance of glass. Light weight, break-resistant and safe, our wide mouth plastic jars are the clear alternative; they offer the protection, performance and shelf presence needed to show off your product.

Features and Benefits

Our wide mouth jars' glossy surface and high contact clarity will catch consumers' eyes, while attractive labels and innovative graphics can add even stronger shelf appeal. The jars are ideal for cold fill and hot fill applications up to 190°F, and feature Ball's patented Gamma® multilayer barrier technology which provides excellent oxygen and moisture barrier properties that optimize product shelf life.
